DEFINITIVE AGREEMENT SIGNED FOR MILLENNIUM COBALT PROJECT

Highlights

- **Definitive Agreement signed with TSXV-listed Global Energy Metals Corporation (GEMC) to earn an interest in Hammer's Millennium Cobalt Project.**
- **Agreement includes the five granted Millennium Mining Leases located 34km west of Cloncurry in Northwest Queensland.**
- **Staged earn-in with GEMC having the right to earn 75% by spending a minimum of CAD\$2,700,000 (A\$2,700,000) including CAD\$250,000 in cash payments.**
- **Hammer to manage the project for the first two stages until GEMC earns a 65% interest.**
- **Agreement subject to regulatory approvals being received or waived.**
- **GEMC and Hammer planning initial work program**

Material Details of the Agreement

Tenements included in the Agreement are granted ML's 2512, 2761, 2762, 7506 and 7507, held 100% by Hammer Metals Limited.

The Definitive Agreement between the Parties details the operating terms and conditions for GEMC to enter into a three-year option to purchase a staged interest of up to 75% interest in the Millennium project tenements upon making project related expenditures.

The Agreement is subject to and conditional on receiving Foreign Investment Review Board approval and receiving indicative approval to the transfer to GEMC of an interest in the tenement. The Effective Date of the Agreement is the day these conditions precedent are either approved or waived.

The total consideration for the option is CAD\$2,700,000. An initial non-refundable deposit of CAD \$50,000 was paid to Hammer upon signing of the option term sheet and CAD\$100,000 paid on signing of the Definitive Agreement. Another CAD\$100,000 is payable on the six month anniversary of the Effective Date.

Key commercial terms of the Agreement are as follows:

- Expenditure of CAD\$500,000 within 6 months of the Effective Date to earn a 25% interest;
- Expenditure of and additional CAD\$1,000,000 within 18 months of the Effective Date for a 65% cumulative interest; and
- Expenditure of an additional CAD\$1,000,000 within 36 months of the Effective Date for a cumulative 75% interest.

GEMC may exercise its right to acquire additional interest in Millennium based on future terms agreed to by both parties at that time.

Proposed Program

The initial work program will encompass:

- RC and diamond drilling to improve the resource categorization from Inferred to Indicated
- Update Mineral Resource Estimate
- Initial test of cobalt targets to the north
- Petrology and mineral liberation analysis
- Scoping metallurgical studies and pit optimisations.

Hammer's CEO Alex Hewlett said:

"Hammer is very pleased to have GEMC as a strategic partner to develop Millennium. GEMC's cobalt sector knowledge and partnerships in Asian battery markets was key to our wanting to partner with them. This transaction provides our shareholders with immediate upside in partnering with a cobalt focused player while retaining exposure to longer term value creation that the Millennium Project will offer."
