

Strike to acquire Talon

- Strike to escalate the pace of development in its Perth Basin business through the earnings and cashflow accretive acquisition of Talon.
- Strike and Talon have entered into a binding Scheme Implementation Deed under which Strike will acquire all the issued shares in Talon by way of a Scheme of Arrangement. On implementation of the Scheme, Talon shareholders will receive 0.4828 new Strike shares for each Talon share held.
- In parallel with the Scheme, Talon will look to demerge Talon's Mongolian asset to the benefit of Talon shareholders to potentially deliver additional value¹.
- The Scheme is unanimously endorsed by the Board of Directors of Talon.
- The implied offer price of A\$0.212² for Talon's Perth Basin business alone is a ~21% premium to Talon's closing share price as at 11 August 2023³, excluding any additional value that may be realised for Talon shareholders via the potential demerger of Talon's Mongolian assets.
- On a pro forma basis, Strike shareholders will own approximately 89% and Talon shareholders will own approximately 11% of all issued Strike shares upon implementation of the Scheme.
- Strike has agreed to provide Talon with a A\$6 million interim convertible funding facility to fund Talon's capital requirements through the scheme process.
- The acquisition will generate material corporate and operational synergies with the capacity to generate an initial annualised revenue of in excess of \$82 million from the Walyering gas field alone⁴.

Strike Energy Limited (ASX: STX, **Strike**) is pleased to advise it has entered into a binding scheme implementation deed with Talon Energy Limited (ASX: TPD, **Talon**) (**Scheme Implementation Deed**) under which Strike will, subject to the satisfaction of various conditions, acquire all the issued shares in the capital of Talon by way of a scheme of arrangement under Part 5.1 of the *Corporations Act 2001* (Cth) (Corporations Act) (**Scheme**).

Pursuant to the Scheme, Talon shareholders will receive 0.4828 new Strike shares for each Talon share held. In addition, Talon will look to demerge its Mongolian asset with the potential for its shareholders to retain an interest in the assets along with A\$850,000 cash (less any costs incurred in connection with the demerger and certain other costs and funding provided for the Mongolian assets by Talon during the Scheme/demerger process) via a potential spin-out of those assets into a separate vehicle to be completed prior to implementation of the Scheme (**Mongolian Spin-Out**).

The acquisition is earnings and cashflow accretive for Strike and will provide a platform in which Strike can escalate the pace of development of its highly attractive Perth Basin gas assets.

Talon's Board of Directors unanimously recommend the proposed transaction (in the absence of a superior proposal and subject to the independent expert concluding, and continuing to

conclude, that the proposed transaction is in the best interests of Talon shareholders), which is strategically compelling and logical for Talon shareholders.

Under the proposed Scheme, and on a pro forma basis, Talon shareholders will own ~11% and Strike shareholders will own ~89% of the combined Company.

Transaction Rationale

The acquisition of Talon is compelling for Strike’s shareholders given the potential for strategic and financial benefits, which include:

- the combined company will have the capacity to generate an initial annualised cashflow from the Walyering gas field alone in excess of A\$82 million⁵
- Strike will be able to remove significant costs via corporate and operational synergies through collapsing the joint venture with Talon;
- Strike’s balance sheet will be further improved, with an increased ability to access debt markets and self-fund development projects along with the combined exploration portfolio;
- Strike will be able to apply its Perth Basin operating and development expertise in order to exploit the combined group’s assets; and
- the combined entity will have an aggregate 1,022 PJ of independently certified Perth Basin conventional gas 2P Reserves and 2C Resources (see chart below)⁶.

Prospective Resource (2U) Estimate Information & Cautionary statement: The estimated quantities of petroleum that may potentially be recovered by the application of a future exploration and development project(s) relate to undiscovered accumulations. These estimates are un-risked, probabilistically determined, and have both an associated risk of discovery (POS 42% for Erregulla Deep, 54% for Southwest Erregulla, 15% for Conдор and 22% for L7) and a risk of development. Further exploration, appraisal and evaluation is required to determine the existence of a significant quantity of potentially moveable hydrocarbons. Talons acquisition of Conдор remains subject to completion occurring under the acquisition agreement

For Talon shareholders the all-scrip acquisition represents an immediate and attractive premium with an implied transaction price for the Perth Basin business of A\$0.212 per Talon share, which is a ~21% premium to Talon’s closing share price as at 11 August 2023⁷. In addition, there is the potential that Talon shareholders will retain an interest in the Mongolian assets via the Mongolian Spin-Out.⁸

⁵ A\$82 million per annum projection assumes production and sales from the Walyering Field at 33 TJ/day and 250bbl/day with as available gas sold to Santos at the ‘as available’ price under the Gas Supply Agreement with Santos, and condensate at A\$104/bbl (US\$70/bbl FX 0.67).

⁷ Refer to footnotes 2 and 3 on page 1 of this release for basis for implied offer price calculation and premium calculations.

⁸ There is no guarantee that the Mongolian Spin-Out will be implemented or that Talon Shareholders will ultimately receive any value in respect of the Mongolian assets.

Statements from Strike MD & CEO, Stuart Nicholls:

“This is an earnings accretive transaction for Strike that will simplify Strike’s operations and provide a platform to remove the costs in operating and managing its existing joint venture with Talon. The combined group will have the capacity to generate initial annualised cashflows in excess of A\$82 million from the Walyering gas field alone. The additional free cashflow generation will support an acceleration of Strike’s Government endorsed Perth Basin development strategy”.

Transaction Details

Under the terms of the Scheme Implementation Deed, Talon shareholders will receive 0.4828 new Strike shares for each Talon share held.

Upon implementation of the Scheme, and on a pro forma basis, Strike shareholders will own approximately 89% and Talon shareholders will own approximately 11% of all issued Strike shares.

The Scheme Implementation Deed is subject to customary conditions for a transaction of this nature, including:

1. Talon shareholders approving the Scheme by the requisite majorities under the Corporations Act;
2. Approval by the Court in accordance with section 411(4)(b) of the Corporations Act;
3. An Independent Expert concluding that the scheme is in the best interests of Talon shareholders and not changing, withdrawing or qualifying that conclusion; and
4. No material adverse change or regulated events for either Strike or Talon.

The Scheme Implementation Deed contains customary exclusivity provisions, including reciprocal break fees, no shop, no talk and no due diligence obligations. A copy of the Scheme Implementation Deed is annexed to this announcement with the transaction targeting completion in December 2023.

The parties have agreed a budget in connection with any financial accommodation to be provided by Strike to Talon during the period from execution of the Scheme Implementation Deed until the implementation of the Scheme (**Agreed Budget**). In the event Talon requires any

additional funding outside of the Agreed Budget for certain limited purposes, Strike may either elect (in its sole discretion) to provide such additional funding to Talon, or require Talon to use any existing cash reserves that are unallocated in the Agreed Budget to satisfy its additional funding obligations. Failing such election, Talon will be at liberty to raise the required funding via debt or equity and Strike will, in that circumstance, be entitled to terminate the Scheme Implementation Deed.

Mongolian Spin-Out

Talon will explore opportunities for Talon shareholders to retain an interest in Talon's Mongolian assets. It is proposed that on completion of the Mongolian Spin-out, the Mongolian assets and A\$850,000 cash (net of costs incurred in connection with the demerger and certain other costs and funding provided for the Mongolian assets by Talon during the Scheme/demerger process) will be demerged to Talon shareholders. The Mongolian Spin-out is expected to be implemented by way of an in-specie distribution of shares in SpinCo to Talon shareholders. The Mongolian Spin-Out is expected to be subject to shareholder approval at a general meeting of Talon shareholders and any other necessary approvals.

The Scheme is not conditional on completion of the Mongolian Spin-Out, which will occur (or not occur, as the case may be) independently of the Scheme becoming effective, and the status of the Mongolian Spin-Out will not influence the timing of the Scheme transaction. Accordingly, there is no guarantee that the Mongolian Spin-Out will be implemented or that Talon Shareholders will ultimately receive any value in respect of the Mongolian assets.

Further details in relation to the potential Mongolian Spin-Out will be provided by Talon to its shareholders in due course.

Talon Funding Facility

As part of the transaction, Strike and Talon have entered into a binding facility agreement pursuant to which Strike has agreed to provide a A\$6 million convertible financing facility to assist Talon fund its short-term working capital needs through the Scheme process. The key terms of this facility include:

- A maximum of A\$6,000,000 provided in advances in accordance with an agreed budget.
- Establishment fee: 2% (capitalised).
- Commitment fee: 3.5% on undrawn funds (capitalised).
- Interest rate: BBSW plus 11% (capitalised);
- Maturity date: The earlier to occur of 30 days after the date on which Talon becomes a wholly owned subsidiary of Strike; 30 days after a person other than Strike or its subsidiaries becomes entitled to hold 50% or more of the Talon shares or otherwise acquires control of Talon; 60 days after termination of the Scheme Implementation Deed; 270 days following the date of the first advance.
- Conversion: Strike may by written notice on or before the relevant maturity date elect to convert the outstanding principal and capitalised amounts into fully paid ordinary Talon shares at the 5-day VWAP to 26 July 2023.
- Prepayment: The facility is to be prepaid out of net petroleum proceeds received by Talon from the sale of Walyering gas and condensate.

Indicative Timetable and Next Steps

Talon shareholders will be asked to approve the Scheme at the scheme meeting which is expected to be held in early December 2023 (**Scheme Meeting**). A scheme booklet containing information relating to the Scheme, the reasons for the Talon Directors' recommendation, the Independent Expert's Report and details of the Scheme Meeting will be dispatched to Talon

- 4.12 For the purposes of clauses 4.9 to 4.11, each Ineligible Foreign Shareholder and each Cash Out Shareholder appoints Talon as its agent to receive on its behalf any financial services guide or other notices (including any updates to those documents) that the Nominee is required to provide to each Ineligible Foreign Shareholder and each Cash Out Shareholder under the Corporations Act.

 - (i) the parties must use their reasonable endeavours to agree and enter into such documentation as is necessary to give effect to and implement the Counterproposal as soon as reasonably practicable; and
 - (ii) Talon must use all reasonable endeavours to procure that each Talon Director makes a public statement recommending the Counterproposal to Shareholders.

11.11 Any material change to a Competing Proposal including any material change to the terms referred to in clause 11.9(b) will be taken to constitute a new Competing Proposal in respect of which Talon must separately comply with its obligations under clauses 11.9 and 11.10.

Standstill arrangements with other parties

- 11.12 Talon represents and warrants to Strike that, except to the extent disclosed to Strike prior to the date of this deed, the execution of this deed by Talon will not effect any waiver or amendment of any standstill agreement or arrangement between Talon and any person other than a member of the Strike Group.

the parties must amend this clause 11 to the extent required to give effect to the requirements of ASIC or the Takeovers Panel, as the case may be, and in the circumstances referred to in clause 11.17(c) must give the required undertakings.

The relevant account for a given payment is the account that the party due to receive the payment specifies, not less than three Business Days before the date on which payment is due, by giving notice to the party due to make the payment.

Default interest

- 17.2 If a party defaults in making any payment when due of any sum payable under this deed, it must pay interest on that sum from (and including) the date on which payment is due until (but excluding) the date of actual payment (after as well as before judgment) at an annual rate of 3% above the Reference Rate on that sum, which interest accrues from day to day and must be compounded monthly.

Withholding

- 17.3 If Strike is required by Subdivision 14-D of Schedule 1 of the TAA (**Subdivision 14-D**) to pay any amounts to the Commissioner in respect of the acquisition of Scheme Shares from certain Scheme Shareholders, Strike is permitted to deduct the relevant amounts from the payment of the Scheme Consideration to those Scheme Shareholders, and remit such amounts to the Commissioner. The aggregate sum payable to Scheme Shareholders shall not be increased to reflect the deduction and the net aggregate sum payable to those Scheme Shareholders shall be taken to be in full and final satisfaction of the amounts owing to those Scheme Shareholders.
- 17.4 For the purposes of clause 17.3, Strike may:
- (a) treat those Scheme Shareholders as Ineligible Foreign Shareholders for the purposes of the Scheme (if they are not already treated as such); and

- (a) receives a Scheme Shareholder Declaration from the Scheme Shareholder prior to the Implementation Date and does not know that the Scheme Shareholder Declaration is false; or
 - (b) receives a Nil Variation Notice prior to the Implementation Date.
- 17.6 Talon agrees Strike may approach the ATO to obtain clarification as to the application of Subdivision 14-D to the Scheme and will provide all information and assistance Strike reasonably requires in making any such approach. Strike agrees:

Tax invoice

- 18.4 For any supply to which clause 18.3 applies, the supplier must issue a tax invoice which complies with the GST Law.

Adjustments

- 18.5 If any adjustment event occurs in respect of a supply to which clause 18.3 applies:
- (a) the additional amount paid or payable by the recipient must be recalculated, taking into account any previous adjustments under this clause 18.5, to reflect the occurrence of that adjustment event and the supplier or the recipient, as the case requires, must pay to the other the amount required to reflect the recalculation of the additional amount; and
 - (b) the supplier must provide an adjustment note to the recipient as soon as practicable after the supplier becomes aware of the occurrence of that adjustment event.

Input tax credits

- 18.6 Notwithstanding any other provision of this deed, if an amount payable under or in connection with this deed is calculated by reference to any loss, damage, cost, expense, charges or other liability incurred or suffered by a party, then the amount payable must be reduced by the amount of any input tax credit to which that entity is entitled in respect of the acquisition of any supply to which the loss, damage, cost, expense, charge or other liability relates.

- 4.2 Subject to this Scheme becoming Effective, on the Implementation Date:
- (a) subject to the provision of the Scheme Consideration in the manner contemplated by clause 5, the Scheme Shares, together with all rights and entitlements attaching to the Scheme Shares as at the Implementation Date must be transferred to Strike, without the need for any further act by any Scheme Shareholder (other than acts performed by Talon as attorney and agent for Scheme Shareholders under clause 9.5), by:

5 Scheme Consideration

Provision of Scheme Consideration

- 5.1 Subject to clauses 5.2 to 5.15 and 5.23, in relation to the Scheme Consideration:
- (a) on or before the Implementation Date, Strike must issue to each Scheme Shareholder who is not an Ineligible Foreign Shareholder or a Cash Out Shareholder such number of New Strike Shares as that Scheme Shareholder is entitled to receive and procure that the name and address of each Scheme Shareholder is entered in the Strike Register in respect of those New Strike Shares; and
 - (b) Strike must procure that on or before the date that is five Business Days after the Implementation Date, a share certificate or holding statement (or equivalent document) is sent to the Registered Address of each Scheme Shareholder

representing the number of New Strike Shares issued to the Scheme Shareholder pursuant to this Scheme.

Ineligible Foreign Shareholders and Cash Out Shareholders

- 5.2 Strike will be under no obligation under the Scheme or Deed Poll to issue, and will not issue, any New Strike Shares to any Ineligible Foreign Shareholder, and instead, unless Strike and Talon otherwise agree, Strike must procure that the New Strike Shares that each Ineligible Foreign Shareholder would otherwise be entitled to receive as Scheme Consideration (which shall include any fraction of a New Strike Share arising from the calculation and disregarding the operation of clauses 5.11 and 5.12) are dealt with in accordance with clauses 5.4 to 5.10.
- 5.3 Strike will be under no obligation under the Scheme or Deed Poll to issue, and will not issue, any New Strike Shares to any Cash Out Shareholder, and instead, unless Strike and Talon otherwise agree, Strike must procure that the New Strike Shares that each Cash Out Shareholder would otherwise be entitled to receive as Scheme Consideration (which shall include any fraction of a New Strike Share arising from the calculation and disregarding the operation of clauses 5.11 and 5.12) are dealt with in accordance with clauses 5.4 to 5.10.

Sale Facility

- 5.4 Strike must appoint a Nominee acceptable to Talon (acting reasonably) at least two weeks prior to the Scheme Meeting (and if required by ASIC, such Nominee is to be approved by ASIC), and on the Implementation Date issue to that Nominee, the New Strike Shares to which an Ineligible Foreign Shareholder or Cash Out Shareholder (as applicable) would otherwise be entitled under the Scheme and Deed Poll (which in each case shall include any fraction of a New Strike Share arising from the calculation and disregarding the operation of clauses 5.11 and 5.12).
- 5.5 Where New Strike Shares are issued to a Nominee pursuant to clauses 5.4 to 5.10, Strike will procure that, as soon as reasonably practicable and in any event not more than 15 Business Days after the Implementation Date, the Nominee:
- (a) sells on ASX or another prescribed financial market all of the New Strike Shares issued to the Nominee in accordance with clauses 5.4 to 5.10 in such manner, at such price and on such other terms as the Nominee determines in good faith; and
 - (b) remits to Talon the proceeds of sale (after deducting any applicable brokerage, Duty and other selling costs, Tax and charges) (**Proceeds**).
- 5.6 Where New Strike Shares are issued to a Nominee pursuant to clauses 5.4 to 5.10 promptly after the last remittance in accordance with clause 5.5(b), Strike will pay to each Ineligible Foreign Shareholder and each Cash Out Shareholder the amount 'A' calculated in accordance with the following formula and rounded down to the nearest cent:

where

$$A = \left(\frac{B}{C}\right) \times D$$

B = the number of New Strike Shares that would otherwise have been issued to that Ineligible Foreign Shareholder or Cash Out Shareholder had it not been an Ineligible Foreign Shareholder or Cash Out Shareholder and which were issued to the Nominee;

C = the total number of New Strike Shares which would otherwise have been issued to all Ineligible Foreign Shareholders and Cash Out Shareholders and which were issued to the Nominee; and

D = the Proceeds (as defined in clause 5.5(b)).

- 5.7 For the purposes of clauses 5.4 to 5.10, each Ineligible Foreign Shareholder and each Cash Out Shareholder appoints Strike as its agent to receive on its behalf any financial services guide or other notices (including any updates to those documents) that the Nominee is required to provide to each Ineligible Foreign Shareholders and each Cash Out Shareholder under the Corporations Act.
- 5.8 None of Strike, Talon or the Nominee gives any assurance as to the price that will be achieved for the sale of New Strike Shares described in clause 5.5.
- 5.9 Payment of the amount calculated in accordance with clauses 5.4 to 5.10 to an Ineligible Foreign Shareholder or Cash Out Shareholder (as applicable) in accordance with clauses 5.4 to 5.10 satisfies in full the Ineligible Foreign Shareholder's or Cash Out Shareholder's (as applicable) right to Scheme Consideration.
- 5.10 Where the issue of New Strike Shares to which a Scheme Shareholder would otherwise be entitled under this Scheme would result in a breach of law:
- (a) Strike will issue the maximum possible number of New Strike Shares to the Scheme Shareholder without giving rise to such a breach; and
 - (b) any further New Strike Shares to which that Scheme Shareholder is entitled, but the issue of which to the Scheme Shareholder would give rise to such a breach, will instead be issued to the Nominee and dealt with under the preceding provisions in this clauses 5.4 to 5.10, as if a reference to Ineligible Foreign Shareholders or Cash Out Shareholder (as applicable) also included that Scheme Shareholder and references to that person's New Strike Shares in that clause were limited to the New Strike Shares issued to the Nominee under clauses 5.4 to 5.10.

Fractional entitlements

- 5.11 Where the calculation of the number of New Strike Shares to be issued to a particular Scheme Shareholder (other than an Ineligible Foreign Shareholder or Cash Out Shareholder (as applicable)) would result in the Scheme Shareholder becoming entitled to a fraction of a New Strike Share, the entitlement will be rounded as follows:
- (a) if the fractional entitlement is less than 0.5, it will be rounded down to the nearest whole number of New Strike Shares; and
 - (b) if the fractional entitlement is equal to or more than 0.5, it will be rounded up to the nearest whole number of New Strike Shares.

Share splitting

- 5.12 If Strike is of the opinion (acting reasonably) that two or more Scheme Shareholders (each of which holds a number of Scheme Shares that results in a fractional entitlement to New Strike Shares) have, before the Record Date, been party to a shareholding splitting or division in an attempt to obtain an advantage by reference to the rounding, Strike may give notice to those Scheme Shareholders:
- (a) setting out the names and Registered Addresses of all of them;
 - (b) stating that opinion; and
 - (c) attributing to one of them specifically identified in the notice the Scheme Shares held by all of them,

and, after such notice has been given, the Scheme Shareholder specifically identified in the notice as the deemed holder of all the specified Scheme Shares will, for the purposes of the Scheme and Deed Poll, be taken to hold all of those Scheme Shares and each of the other Scheme Shareholders whose names and Registered Addresses are set out in the notice will, for the purposes of the Scheme and Deed Poll, be taken to hold no Scheme Shares. Strike, in complying with the other provisions of the Scheme and Deed Poll relating to it in respect of the Scheme Shareholder specifically identified in the notice as the deemed holder of all the specified Scheme Shares, will be taken to have satisfied and discharged its obligations to the other Scheme Shareholders names in the notice under the terms of the Scheme and Deed Poll.

Unclaimed monies

- 5.13 Talon may cancel a cheque issued under this clause 5 if the cheque:
- (a) is returned to Talon; or
 - (b) has not been presented for payment within six months after the date on which the cheque was sent.
- 5.14 During the period of 12 months commencing on the Implementation Date, on request in writing from a Scheme Shareholder to Talon or Strike (or the Talon Registry) (which request may not be made until the date which is 10 Business Days after the Implementation Date), Talon or Strike must reissue or procure the reissuance of a cheque that was previously cancelled under clause 5.13.
- 5.15 The *Unclaimed Money Act 1990* (WA) will apply in relation to any Scheme Consideration which becomes 'unclaimed money' (as defined in section 7 of that Act).

Status of New Strike Shares

- 5.16 Subject to this Scheme becoming Effective, Strike must:
- (a) issue the New Strike Shares required to be issued by it under this Scheme on terms such that each such New Strike Share will rank equally in all respects with each existing Strike Share;
 - (b) ensure that each such New Strike Share is duly and validly issued in accordance with all applicable laws and Strike's constitution, fully paid and free from any mortgage, charge, lien, Encumbrance or other security interest (except for any lien arising under Strike's constitution); and
 - (c) use all reasonable endeavours to ensure that such New Strike Shares are as soon as possible following the date this Scheme becomes Effective, quoted for trading on the ASX.

Foreign resident capital gains tax withholding

- 5.17 If Strike is required by Subdivision 14-D of Schedule 1 of the TAA (**Subdivision 14-D**) to pay any amounts to the Commissioner in respect of the acquisition of Scheme Shares from certain Scheme Shareholders, Strike is permitted to deduct the relevant amounts from the payment of the Scheme Consideration to those Scheme Shareholders, and remit such amounts to the Commissioner. The aggregate sum payable to Scheme Shareholders shall not be increased to reflect the deduction and the net aggregate sum payable to those Scheme Shareholders shall be taken to be in full and final satisfaction of the amounts owing to those Scheme Shareholders.
- 5.18 For the purposes of clause 5.17, Strike may:

- (a) treat those Scheme Shareholders as Ineligible Foreign Shareholders for the purposes of the Scheme (if they are not already treated as such); and
 - (b) deduct the relevant amounts from those Scheme Shareholders' proportion of the net proceeds of sale referred to in clause 5.5 and remit the amounts deducted to the Commissioner.
- 5.19 Strike acknowledges and agrees that it shall not deduct any amounts from the payment of the Scheme Consideration or pay any amounts to the Commissioner under clause 5.17 with respect to a Scheme Shareholder where Strike:
- (a) receives a Scheme Shareholder Declaration from the Scheme Shareholder prior to the Implementation Date; and does not know that the Scheme Shareholder Declaration is false; or
 - (b) receives a Nil Variation Notice prior to the Implementation Date.
- 5.20 Talon agrees Strike may approach the ATO to obtain clarification as to the application of Subdivision 14-D to the Scheme and will provide all information and assistance Strike reasonably requires in making any such approach. Strike agrees:
- (a) to provide Talon a reasonable opportunity to review the form and content of all materials to be provided to the ATO, and must incorporate Talon's reasonable comments on those materials, and more generally to take into account Talon's comments in relation to Strike's engagement with the ATO, and provide Talon a reasonable opportunity to participate in any discussions and correspondence between Strike and the ATO in connection with the application of Subdivision 14-D to the Transaction; and
 - (b) not to contact any Scheme Shareholders in connection with the application of Subdivision 14-D to the Scheme without Talon's prior written consent.
- 5.21 The parties agree to consult in good faith as to the application of Subdivision 14-D, including taking into account any clarification provided by the ATO following any process described in clause 5.20. The parties agree to take all actions that they agree (each acting reasonably) are necessary or desirable following that consultation.

Orders of a court or Government Agency

- 5.22 If written notice is given to Talon (or the Talon Registry) of an order or direction made by a court of competent jurisdiction or by another Government Agency that:
- (a) requires consideration to be provided to a Third Party (either through payment of a sum or the issuance of a security) in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable or required to be issued to that Scheme Shareholder by Talon in accordance with this clause 5, then Talon shall be entitled to procure that provision of that consideration is made in accordance with that order or direction; or
 - (b) prevents Talon or Strike from providing consideration to any particular Scheme Shareholder in accordance with this clause 5, or the payment or issuance of such consideration is otherwise prohibited by applicable law, Talon or Strike shall be entitled to (as applicable):
 - (i) where the relevant Scheme Shareholder is an Ineligible Foreign Shareholder or Cash Out Shareholder (as applicable), to retain an amount, in Australian currency, equal to the relevant Scheme Shareholder's share of any proceeds of sale received by Talon pursuant to clause 5.5; and/or

- (ii) not to issue, or to issue to a trustee or nominee, such number of New Strike Shares as that Scheme Shareholder would otherwise be entitled to under clause 5.1,

until such time as provision of the Scheme Consideration in accordance with this clause 5 is permitted by that (or another) order or direction or otherwise by law.

Joint holders

5.23 In the case of Scheme Shares held in joint names:

- (a) the New Strike Shares to be issued under this Scheme must be issued to and registered in the names of the joint holders;
- (b) any cheque required to be sent under this Scheme will be made payable to the joint holders and sent to either, at the sole discretion of Talon, the holder whose name appears first in the Talon Share Register as at the Record Date or to the joint holders; and
- (c) any other document required to be sent under this Scheme, will be forwarded to either, at the sole discretion of Talon, the holder whose name appears first in the Talon Register as at the Record Date or to the joint holders.

6 Dealings in Talon Shares

Recognition of dealings

6.1 To establish the identity of the Scheme Shareholders, dealings in Talon Shares and other alterations to the Talon Register will only be recognised if:

- (a) in the case of dealings of the type to be effected using CHESSE, the transferee is registered in the Talon Register as the holder of the relevant Talon Shares on or before the Record Date; and
- (b) in all other cases, registrable transmission applications or transfers in respect of those dealings, or valid requests in respect of other alterations, are received on or before the Record Date at the place where the Talon Register is kept,

and Talon must not accept for registration, nor recognise for any purpose (except a transfer to Strike pursuant to this Scheme and any subsequent transfer by Strike or its successors in title), any transmission application or transfer or other request received after such times, or received prior to such times but not in registrable or actionable form, as appropriate.

6.2 Talon must register registrable transmission applications or transfers of the Scheme Shares of the kind referred to in clause 6.1(b) before the Record Date provided that, for the avoidance of doubt, nothing in this clause 6.2 requires Talon to register a transfer that would result in a Shareholder holding a parcel of Talon Shares that is less than a 'marketable parcel' (as that term is defined in the Operating Rules).

Dealings after Record Date

6.3 If the Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of or purport or agree to dispose of any Scheme Shares or any interest in them on or after the Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Talon shall be entitled to disregard any such disposal.

Maintenance of Talon Register

- 6.4 For the purpose of determining entitlements to the Scheme Consideration, Talon must maintain the Talon Register in accordance with the provisions of this clause 6 until the Scheme Consideration has been paid to all Scheme Shareholders. The Talon Register in this form will solely determine entitlements to the Scheme Consideration.

Holding statements and Register entries

- 6.5 Following the Record Date all statements of holding for Talon Shares (other than statement of holding in favour of Strike) will cease to have effect as documents of title in respect of those shares and each entry on the Talon Register current at that date (other than entries on the Talon Register in respect of Strike) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Talon Shares relating to that entry.

Availability of Talon Register

- 6.6 As soon as possible on or after the Record Date, and in any event by 5.00pm on the first Business Day after the Record Date, Talon will ensure that details of the names, Registered Addresses and holdings of Talon Shares for each Scheme Shareholder as shown in the Talon Register are available to Strike in the form Strike reasonably requires.

7 Status of New Strike Shares

- 7.1 Subject to this Scheme becoming Effective, Strike must:
- (a) issue the New Strike Shares required to be issued by it under this Scheme on terms such that each such New Strike Share will:
 - (i) rank equally in all respects with all other Strike Shares on issue at the first Business Day after the Implementation Date; and
 - (ii) be entitled to participate in and receive any dividends or distribution of capital paid and any other entitlements accruing in respect of Strike Shares on and from the first Business Day after the Implementation Date;
 - (b) use its reasonable endeavours to ensure that the New Strike Shares issued as Scheme Consideration will be listed for quotation on the official list of ASX with effect from the first Business Day after the Effective Date (or such later date as ASX may require), initially on a deferred settlement basis and, with effect from the first Business Day after the Implementation Date, on an ordinary (T+2) settlement basis; and
 - (c) ensure that each New Strike Share is duly and validly issued in accordance with all applicable laws and Strike's constitution, fully paid and free from any mortgage, charge, lien, encumbrance or other security interest.

8 Quotation of Talon Shares

- 8.1 Talon will apply to ASX to suspend trading on the ASX in Talon Shares with effect from the close of trading on the Effective Date.
- 8.2 On a date after the Implementation Date to be determined by Strike, Talon will apply:
- (a) for termination of the official quotation of Talon Shares on the ASX; and
 - (b) to have itself removed from the official list of the ASX.

9 General Scheme Provisions

Consent to amendments

9.1 If the Court proposes to approve the Scheme subject to any amendments or conditions:

- (a) Talon may by its counsel consent on behalf of all persons concerned (including the Scheme Shareholders) to those amendments or conditions to which Strike has consented; and
- (b) each Scheme Shareholder agrees to any such alterations or conditions which Talon has consented to on its behalf.

Scheme Shareholders' agreements

9.2 Each Scheme Shareholder:

- (a) agrees to the transfer of their Talon Shares together with all rights and entitlements attaching to those Talon Shares in accordance with this Scheme;

- (c) agrees to, on the direction of Strike, destroy any holding statements or share certificates relating to their Talon Shares;
- (d) to whom New Strike Shares are to be issued in accordance with this Scheme, agrees to become a member of Strike and to be bound by the terms of the constitution of Strike;
- (e) who holds their Talon Shares in a CHESS holding agrees to the conversion of those Talon Shares to an Issuer Sponsored Holding and irrevocably authorises Talon to do anything necessary or expedient (whether required by the Settlement Rules or otherwise) to effect or facilitate such conversion; and
- (f) acknowledges and agrees that this Scheme binds Talon and all Scheme Shareholders (including those who do not attend the Scheme Meeting and those who do not vote, or vote against this Scheme, at the Scheme Meeting) and, to the extent of any inconsistency, overrides the constitution of Talon.

Warranties

9.3 Each Scheme Shareholder is taken to have warranted to Talon and Strike that:

- (a) all of the Scheme Shares (including all rights and entitlements attaching to them as at the Implementation Date) which are transferred under this Scheme will, at the date of transfer, be fully paid and free from all Encumbrances; and
- (b) that Scheme Shareholder has full power and capacity to sell and transfer those Scheme Shares (together with all rights and entitlements attaching to them as at the Implementation Date) to Strike under the Scheme.

9.4 Talon undertakes that it will provide the warranties in clauses 9.3 to Strike as agent and attorney of each Scheme Shareholder. Talon will not be responsible for the accuracy or completeness of the warranties in clauses 9.3.

Appointment of attorneys

- 9.5 Each Scheme Shareholder, without the need for any further act:
- (a) on the Effective Date, irrevocably appoints Talon and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of enforcing the Deed Poll against Strike, and Talon undertakes in favour of each Scheme Shareholder that it will enforce the Deed Poll against Strike on behalf of and as agent and attorney for each Scheme Shareholder; and
 - (b) on the Implementation Date, appoints Talon and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of executing any document or doing or taking any other act necessary, desirable or expedient to give effect to this Scheme and the transactions contemplated by it, including (without limitation) executing the Scheme Transfer,
- and Talon accepts each such appointment.
- 9.6 Talon, as attorney and agent of each Scheme Shareholder, may sub-delegate its functions, authorities or powers under clause 9.5 to all or any of its directors, officers, secretaries or employees (jointly, severally or jointly and severally).
- 9.7 Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clause 5, and until Talon registers Strike as the holder of all Scheme Shares in the Talon Register, each Scheme Shareholder:
- (a) is deemed to have appointed Strike as attorney and agent, and directs Strike in each such capacity, to appoint any director, officer, secretary or agent of Strike as sole proxy and, where applicable or appropriate, corporate representative of that Scheme Shareholder to attend shareholders' meetings, exercise the votes attaching to the Scheme Shares registered in the name of that Scheme Shareholder and sign any shareholders' resolution or other document;
 - (b) undertakes not to attend any shareholders' meeting or exercise the votes attaching to the Scheme Shares registered in the name of that Scheme Shareholder or sign any shareholders' resolutions or other documents, whether in person, by proxy or corporate representative; (other than pursuant to clause 9.7(a));
 - (c) must take all other actions as registered holder of those Scheme Shares as Strike reasonably directs; and
 - (d) acknowledges and agrees that in exercising the powers conferred under clause 9.7(a), Strike and any director, officer, secretary or agent of Strike may act in the best interests of Strike as the intended registered holder of the Scheme Shares.

Consent for necessary or incidental acts

- 9.8 Each of the Scheme Shareholders consents to Talon doing all things necessary or incidental to, or to give effect to, the implementation of this Scheme, whether on behalf of Scheme Shareholders, Talon or otherwise.

Instructions and elections

- 9.9 If not prohibited by law (and including where permitted or facilitated by relief granted by a Government Agency), all instructions, notifications or elections by a Scheme Shareholder to Talon binding or deemed binding between the Scheme Shareholder and Talon relating to Talon or Talon Shares, including instructions, notifications or elections relating to:

- (a) whether dividends are to be paid by cheque or into a specific account;
- (b) payments of dividends on Talon Shares; and
- (c) notices or other communications from Talon (including by email),

will be deemed from the Implementation Date (except to the extent determined otherwise by Strike in its sole discretion), by reason of this Scheme, to be made by the Scheme Shareholder to Strike and to be a binding instruction, notification or election to, and accepted by, Strike in respect of the New Strike Shares issued to the Scheme Shareholder until that instruction, notification or election is revoked or amended in writing addressed to Strike at its registry.

10 General

Duty

- 10.1 Strike must pay any Duty payable under Australian law in connection with this Scheme and the Deed Poll, the performance of the Deed Poll and each transaction effected by or made under the Deed Poll, and must indemnify each Scheme Shareholder against all losses, damages, costs, expenses, charges, penalties and other liabilities (including legal and other professional fees) directly or indirectly incurred or suffered by the Scheme Shareholder arising out of or in connection with any failure by Strike to make such payment.

Further action

- 10.2 Talon must, at its own expense, do all things and execute all documents necessary to give full effect to the Scheme and the transactions contemplated by it and the Scheme Shareholders consent to Talon doing all such things and executing all such documents and doing all other things necessary or incidental to the implementation of the Scheme.

Notices and other documents sent by post

- 10.3 If a notice, transfer, transmission, application, direction or other communication referred to in the Scheme is sent by post to Talon, it will not be taken to be received in the ordinary course of post or on a date and time other than the date and time at which it is actually received at Talon's registered office or at the office of the Talon Registry.

No liability when acting in good faith

- 10.5 Each Scheme Shareholder agrees that neither Talon nor Strike nor any director, officer or secretary or employee of any of those companies shall be liable for anything done or omitted to be done in the performance of this Scheme or the Deed Poll in good faith.

Schedule 1 Scheme

Appendix 3 Strike Announcement

Strike to acquire Talon

- Strike to escalate the pace of development in its Perth Basin business through the earnings and cashflow accretive acquisition of Talon.
- Strike and Talon have entered into a binding Scheme Implementation Deed under which Strike will acquire all the issued shares in Talon by way of a Scheme of Arrangement. On implementation of the Scheme, Talon shareholders will receive 0.4828 new Strike shares for each Talon share held.
- In parallel with the Scheme, Talon will look to demerge Talon's Mongolian asset to the benefit of Talon shareholders to potentially deliver additional value¹.
- The Scheme is unanimously endorsed by the Board of Directors of Talon.
- The implied offer price of A\$0.212² for Talon's Perth Basin business alone is a ~21% premium to Talon's closing share price as at 11 August 2023³, excluding any additional value that may be realised for Talon shareholders via the potential demerger of Talon's Mongolian assets.
- On a pro forma basis, Strike shareholders will own approximately 89% and Talon shareholders will own approximately 11% of all issued Strike shares upon implementation of the Scheme.
- Strike has agreed to provide Talon with a A\$6 million interim convertible funding facility to fund Talon's capital requirements through the scheme process.
- The acquisition will generate material corporate and operational synergies with the capacity to generate an initial annualised revenue of in excess of \$82 million from the Walyering gas field alone⁴.

Strike Energy Limited (ASX: STX, **Strike**) is pleased to advise it has entered into a binding scheme implementation deed with Talon Energy Limited (ASX: TPD, **Talon**) (**Scheme Implementation Deed**) under which Strike will, subject to the satisfaction of various conditions, acquire all the issued shares in the capital of Talon by way of a scheme of arrangement under Part 5.1 of the *Corporations Act 2001* (Cth) (*Corporations Act*) (**Scheme**).

Pursuant to the Scheme, Talon shareholders will receive 0.4828 new Strike shares for each Talon share held. In addition, Talon will explore options for Talon's Mongolian assets with the potential for its shareholders to retain an interest in Talon's Mongolian assets along with A\$850,000 cash (less any costs incurred in connection with the demerger and certain other costs and funding provided for the Mongolian assets by Talon during the Scheme/demerger process) via a potential spin-out of those assets into a separate vehicle to be completed prior to implementation of the Scheme (**Mongolian Spin-Out**).

Talon's Board of Directors unanimously recommend the proposed transaction (in the absence of a superior proposal and subject to the independent expert concluding, and continuing to conclude, that the proposed transaction is in the best interests of Talon shareholders), which is strategically compelling and logical for Talon shareholders.

The acquisition is earnings and cashflow accretive for Strike and will provide a platform in which Strike can escalate the pace of development of its highly attractive Perth Basin gas assets.

¹ There is no guarantee that the Mongolian Spin-Out will be implemented or that Talon Shareholders will ultimately receive any value in respect of the Mongolian assets.

² Based on Strike's closing price of A\$0.44 on 11 Aug 2023

³ Talon's closing share price on 11 Aug 2023 was A\$0.175

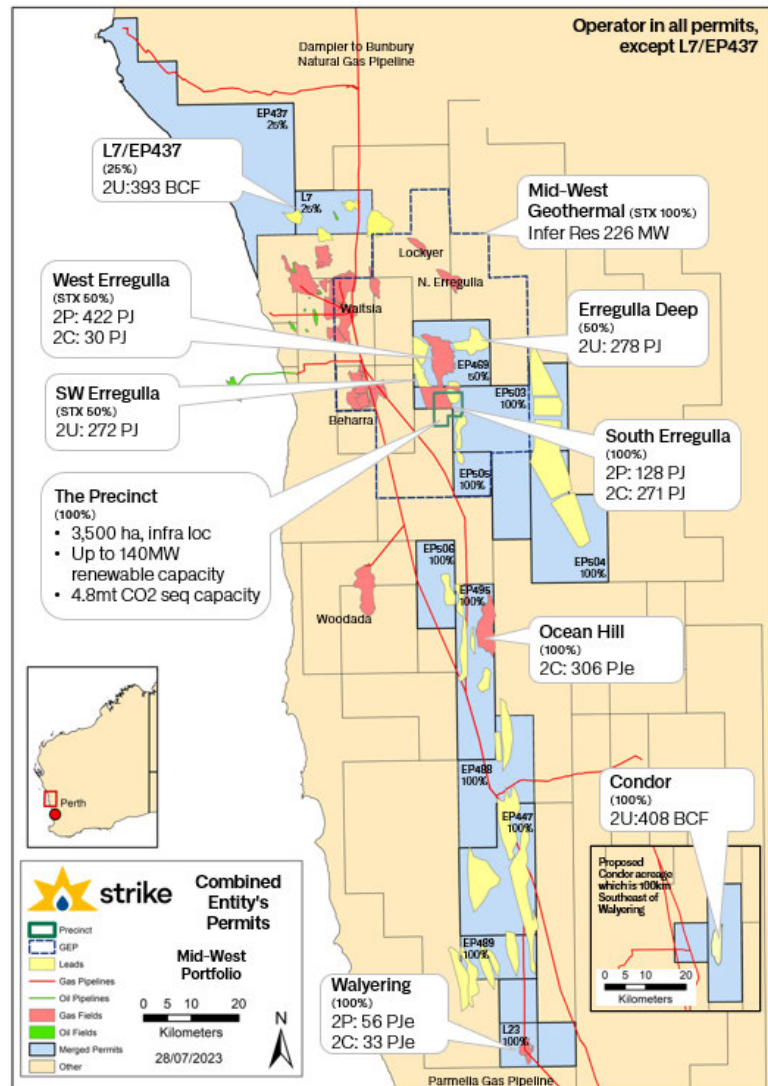

⁴ Refer footnote 5 for details as to revenue assumptions.

Under the proposed Scheme, and on a pro forma basis, Talon shareholders will own ~11% and Strike shareholders will own ~89% of the combined Company.

Transaction Rationale

The acquisition of Talon is compelling for Strike's shareholders given the potential for strategic and financial benefits, which include:

- the combined company will have the capacity to generate an initial annualised cashflow from the Walyering gas field alone in excess of A\$82 million⁵
- Strike will be able to remove significant costs via corporate and operational synergies through collapsing the joint venture with Talon;
- Strike's balance sheet will be further improved, with an increased ability to access debt markets and self-fund development projects along with the combined exploration portfolio;
- Strike will be able to apply its Perth Basin operating and development expertise in order to exploit the combined group's assets; and
- the combined entity will have an aggregate 1,022 PJ of independently certified Perth Basin conventional gas 2P Reserves and 2C Resources (see chart below)⁶.

Prospective Resource (2U) Estimate Information & Cautionary statement: The estimated quantities of petroleum that may potentially be recovered by the application of a future exploration and development project(s) relate to undiscovered accumulations. These estimates are un-risked, probabilistically determined, and have both an associated risk of discovery (POS 42% for Erregulla Deep, 54% for Southwest Erregulla, 15% for Condor and 22% for L7) and a risk of development. Further exploration, appraisal and evaluation is required to determine the existence of a significant quantity of potentially moveable hydrocarbons. Talon's acquisition of Condor remains subject to completion occurring under the acquisition agreement

For Talon shareholders the all-scrip acquisition represents an immediate and attractive premium with an implied transaction price for the Perth Basin business of A\$0.212 per Talon share, which is a ~21% premium to Talon's closing share price as at 11 August 2023⁷. In addition, there is the potential that Talon shareholders will retain an interest in the Mongolian assets via the Mongolian Spin-Out.⁸

⁵ A\$82 million per annum projection assumes production and sales from the Walyering Field at 33 TJ/day and 250bbl/day with as available gas sold to Santos at the 'as available' price under the Gas Supply Agreement with Santos, and condensate at A\$104bbl (US\$70bbl FX 0.67).

⁶ Refer to Important Notices at the end of this release for Reserve and Resource information.

⁷ Refer to footnotes 2 and 3 on page 1 of this release for basis for implied offer price calculation and premium calculations.

⁸ There is no guarantee that the Mongolian Spin-Out will be implemented or that Talon Shareholders will ultimately receive any value in respect of the Mongolian assets.

Statements from Strike MD & CEO, Stuart Nicholls:

“This is an earnings accretive transaction for Strike that will simplify Strike’s operations and provide a platform to remove the costs in operating and managing its existing joint venture with Talon. The combined group will have the capacity to generate initial annualised cashflows in excess of A\$82 million from the Walyering gas field alone. The additional free cashflow generation will support an acceleration of Strike’s Government endorsed Perth Basin development strategy”.

Transaction Details

Under the terms of the Scheme Implementation Deed, Talon shareholders will receive 0.4828 new Strike shares for each Talon share held.

Upon implementation of the Scheme, and on a pro forma basis, Strike shareholders will own approximately 89% and Talon shareholders will own approximately 11% of all issued Strike shares.

The Scheme Implementation Deed is subject to customary conditions for a transaction of this nature, including:

1. Talon shareholders approving the Scheme by the requisite majorities under the Corporations Act;
2. Approval by the Court in accordance with section 411(4)(b) of the Corporations Act;
3. An Independent Expert concluding that the scheme is in the best interests of Talon shareholders and not changing, withdrawing or qualifying that conclusion; and
4. No material adverse change or regulated events for either Strike or Talon.

The Scheme Implementation Deed contains customary exclusivity provisions, including reciprocal break fees, no shop, no talk and no due diligence obligations. A copy of the Scheme Implementation Deed is annexed to this announcement with the transaction targeting completion in December 2023.

The parties have agreed a budget in connection with any financial accommodation to be provided by Strike to Talon during the period from execution of the Scheme Implementation Deed until the implementation of the Scheme (**Agreed Budget**). In the event Talon requires any additional funding outside of the Agreed Budget for certain limited purposes, Strike may either elect (in its sole discretion) to provide such additional funding to Talon, or require Talon to use any existing cash reserves that are unallocated in the Agreed Budget to satisfy its additional funding obligations. Failing such election, Talon will be at liberty to raise the required

funding via debt or equity and Strike will, in that circumstance, be entitled to terminate the Scheme Implementation Deed.

Mongolian Spin-Out

Talon will explore opportunities for Talon shareholders to retain an interest in Talon's Mongolian assets. It is proposed that on completion of the Mongolian Spin-out, the Mongolian assets and A\$850,000 cash (net of costs incurred in connection with the demerger and certain other costs and funding provided for the Mongolian assets by Talon during the Scheme/demerger process) will be demerged to Talon shareholders. The Mongolian Spin-out is expected to be implemented by way of an in-specie distribution of shares in SpinCo to Talon shareholders. The Mongolian Spin-Out is expected to be subject to shareholder approval at a general meeting of Talon shareholders and any other necessary approvals.

The Scheme is not conditional on completion of the Mongolian Spin-Out, which will occur (or not occur, as the case may be) independently of the Scheme becoming effective, and the status of the Mongolian Spin-Out will not influence the timing of the Scheme transaction. Accordingly, there is no guarantee that the Mongolian Spin-Out will be implemented or that Talon Shareholders will ultimately receive any value in respect of the Mongolian assets.

Further details in relation to the potential Mongolian Spin-Out will be provided by Talon to its shareholders in due course.

Annexure – Scheme Implementation Deed

Appendix 4 Talon Announcement

SCHEME IMPLEMENTATION DEED WITH STRIKE ENERGY

14 AUGUST 2023

Strike Energy to acquire Talon for scrip consideration

- Talon has entered into a binding Scheme Implementation Deed with Strike Energy (ASX: STX) under which Strike Energy will acquire all the issued shares in Talon.
- On Implementation of a Scheme of Arrangement, Talon shareholders will receive 0.4828 new Strike shares for each Talon share held at the Record Date (Scheme Consideration). As a result of the transaction, Talon shareholders will own approximately ~11% of Strike Energy.
- The Scheme Consideration has an implied offer price of A\$0.212 per Talon share for Talon's Perth Basin assets based on Strike Energy's closing price of \$0.440 per share on 11 August. This represents a 29.3% premium to Talon's 30 day VWAP, 26.1% to Talon's 60 day VWAP, and 21.4% to Talon's closing share price as at 11 August 2023.
- In parallel with the Scheme, Talon will explore options to spin-out Talon's 33% interest in the Gurvantes XXXV Project (Mongolian Project) to Talon shareholders.¹
- The Scheme is unanimously recommended by the Talon Board of Directors in the absence of a superior proposal and subject to the independent expert concluding and continuing to conclude that the Scheme is in the best interests of Talon shareholders.

Transaction and Mongolian Project Spin-Out Overview

Talon Energy Ltd (ASX: TPD, "Talon" or "the Company") is pleased to advise that the Company has entered a binding scheme implementation deed ("Scheme Implementation Deed" or "SID") with Strike Energy Limited (ASX: STX, "Strike Energy") under which Strike Energy will, subject to the satisfaction of various conditions, acquire all the issued shares in Talon by way of a Scheme of Arrangement under Part 5.1 of the Corporations Act 2001 (Cth) (Corporations Act) ("Scheme").

As part of the Scheme transaction, an interim convertible funding facility for up to \$6m has been made available by Strike Energy to fund Talon's capital requirements through the Scheme process.

The Board of Talon consider that the Scheme, if successfully implemented, delivers Talon shareholders significant benefits including:

- Ownership in the only pure play Perth Basin energy company with a combination of near term cash-flow (potential for initial annualised revenue of in excess of \$82 million from the Walyering gas field alone) and a strong pipeline of growth and development assets;

¹ At this stage there is no certainty that the demerger will eventuate or that any such transaction will deliver any value to Talon shareholders.

- Exposure to the value created from corporate and operational synergies associated with bringing the project interests and companies together; and

Subject to successfully executing the intended spin-out of the Mongolian Project, a separate shareholding in an entity with exposure to the 33% interest in the Mongolian Gurvantes XXXV Project.²

If the Scheme is implemented, each Talon shareholder on the record date for the Scheme (“**Scheme Record Date**”) will receive 0.4828 new Strike Energy shares for each Talon share held on the scheme record date (“**Scheme Consideration**”). The Scheme Consideration implies an offer price of \$0.212 per Talon share based on Strike Energy’s closing price of \$0.440 per share on 11 August 2023. This represents a premium of:

- 21.4% to Talon’s last close price of \$0.175 per share
- 32.5% to the Talon 10 day VWAP of \$0.160 per share
- 29.3% to the Talon 30 day VWAP of \$0.164 per share
- 26.1% to the Talon 60 day VWAP of \$0.168 per share

In addition, it is proposed that Talon will seek to demerge the Mongolian Project to allow Talon shareholders to retain an ownership interest in Talon’s Mongolian Project along with A\$850,000 cash (net of costs incurred in connection with the demerger and certain other costs and funding provided for the Mongolian Project during the Scheme/demerger process) via a spin-out of those assets into a new separate vehicle (“**SpinCo**”). In order for Talon shareholders to realise any value, this demerger must be completed during the Scheme process (“**Mongolian Demerger**”). SpinCo represents potential additional value that Talon shareholders may retain subject to the spin-out transaction completing.

Talon Board Recommendation

The Board of Talon unanimously recommends that Talon shareholders vote in favour of the Scheme, in the absence of a superior proposal and subject to the independent expert (to be appointed by Talon) concluding, and continuing to conclude, that the Scheme is in the best interests of Talon shareholders.³

Each of the directors of Talon has committed to vote in favour of the Scheme in respect of the shares they control in the absence of a superior proposal and subject to the independent expert concluding, and continuing to conclude, that the Scheme is in the best interests of Talon shareholders.

Details of the recommendation, commitment to vote in favour and a copy of the independent expert report will be included in a Scheme Booklet expected to be provided to shareholders in November 2023.

² See note above.

³ You should note when considering this recommendation that:

- Greg Columbus (Non-Executive Chairman) and his associates have an interest in 2,413,794 fully paid ordinary shares, 2,000,000 Talon performance rights (which, subject to the Scheme becoming Effective, are expected to be vested and exercised in full) and 2,000,000 Talon unlisted options (which may be vested in full or cancelled, at the Talon Board’s discretion and subject to agreement with the counterparty, in connection with the Scheme). Greg Columbus and his associates also have an interest in 31,000,000 fully paid Strike shares;
- David Casey (Non-Executive Director) and his associates have an interest in 2,381,896 fully paid ordinary shares, 8,000,000 Talon performance rights (which, subject to the Scheme becoming Effective, are expected to be vested and exercised in full) and 2,000,000 unlisted Talon options (which may be vested in full or cancelled, at the Talon Board’s discretion and subject to agreement with the counterparty, in connection with the Scheme). [David Casey and his associates also have an interest in [] fully paid Strike shares];
- Colby Hauser (Managing Director and CEO) and his associates have an interest in 3,533,742 fully paid ordinary shares, and 7,500,000 Talon performance rights (which, subject to the Scheme becoming Effective are expected to be vested and exercised in full); and
- Matthew Worner (Non-Executive Director) and his associates have an interest in 2,076,667 fully paid ordinary shares and 2,000,000 Talon unlisted options (which may be vested in full or cancelled, at the Talon Board’s discretion and subject to agreement with the counterparty, in connection with the Scheme).

These arrangements and the amounts payable on implementation of the Scheme to each of the directors, will be described in more detail in the Scheme Booklet. Despite their interest in the outcome of the Scheme, each Director considers that, given the importance of the Scheme, and their roles as a Talon Director, it is important and appropriate for them to provide a recommendation in relation to voting on the Scheme.

Talon MD & CEO, Colby Hauser, commented:

"Talon is pleased to be entering into this scheme process with Strike Energy. Upon successful implementation of the Scheme Talon shareholders will benefit from receiving an attractive premium for their shares and may also realise additional value from continued exposure to the Gurvantes development in Mongolia should the Mongolia Demerger complete. Talon shareholders will benefit from becoming shareholders in the combined Strike Energy, which is expected to have a strong cashflow profile with a number of medium-term growth and development projects."

Details of the Scheme Implementation Deed (SID)

The Scheme Implementation Deed is subject to customary conditions for a transaction of this nature, including:

- Talon shareholders approving the Scheme by the requisite majorities under the Corporations Act;
- Approval by the Court in accordance with section 411(4)(b) of the Corporations Act;
- An Independent Expert concluding that the scheme is in the best interests of Talon shareholders and not changing, withdrawing or qualifying that conclusion;
- No material adverse change or regulated events for either Strike Energy or Talon; and
- Other conditions customary for a transaction of this nature.

The Scheme Implementation Deed contains customary exclusivity provisions, including reciprocal break fees, no shop, no talk and no due diligence obligations. A copy of the Scheme Implementation Deed is attached to this announcement.

Mongolian Demerger

Talon will explore opportunities for Talon shareholders to retain an ownership interest in Talon's Mongolian assets. It is proposed that on completion of the Mongolian Demerger, the Mongolian assets and A\$850,000 cash (net of costs incurred in connection with the demerger and certain other costs and funding provided for the Mongolian assets by Talon during the Scheme/demerger process) will be demerged to Talon shareholders. The Mongolian Demerger is expected to be implemented by way of an in-specie distribution of shares in SpinCo to Talon shareholders. The Mongolian Demerger is expected to be subject to shareholder approval at a separate general meeting of Talon shareholders and any other necessary approvals.

The Scheme is not conditional on completion of the Mongolian Demerger, which will occur (or not occur, as the case may be) independently of the Scheme becoming effective, and the status of the Mongolian Demerger will not influence the timing of the Scheme transaction.

Accordingly, there is no guarantee that the Mongolian Spin-Out will be implemented. Talon Shareholders are cautioned that the potential value of SpinCo is uncertain, and there can be no certainty that any value from SpinCo will flow to Talon shareholders (assuming a Mongolian Demerger transaction completes).

Further details in relation to the Mongolian Demerger will be provided by Talon to its shareholders in due course.

Talon Funding Facility

As part of the transaction, Strike Energy and Talon have entered into a binding facility agreement pursuant to which Strike has Energy agreed to provide a A\$6 million convertible financing facility to assist Talon fund its short-term working capital needs through the Scheme process. The key terms of this facility include:

- A maximum of A\$6,000,000 provided in advances in accordance with an agreed budget.
- Establishment fee: 2% (capitalised).
- Commitment fee: 3.5% on undrawn funds (capitalised).
- Interest rate: BBSW plus 11% (capitalised).

- Maturity date: The earlier to occur of: 30 days after the date on which Talon becomes a wholly owned subsidiary of Strike Energy; 30 days after a person other than Strike Energy or its subsidiaries becomes entitled to hold 50% or more of the Talon shares or otherwise acquires control of Talon; 60 days after termination of the Scheme Implementation Deed; 270 days following the date of the first advance.
- Conversion: Strike Energy may by written notice on or before the relevant maturity date elect to convert any outstanding principal and capitalised amounts into fully paid ordinary Talon shares at \$0.180, being the 5-day VWAP to 26 July 2023.
- Prepayment: The facility is to be prepaid out of net petroleum proceeds received by Talon from the sale of Walyering gas and condensate.

Next Steps

Talon shareholders do not need to take any action at this time.

Talon shareholders will be asked to approve the Scheme at the scheme meeting which is expected to be held in early December 2023 ("**Scheme Meeting**"). A scheme booklet containing information relating to the Scheme, the reasons for the Talon Directors' recommendation, the Independent Expert's Report and details of the Scheme Meeting will be dispatched to Talon shareholders in advance of the Scheme Meeting.

Talon has appointed Sternship Advisers and RBC Capital as financial advisers and Allens as legal adviser.
